

INTEGRATED MANAGEMENT SYSTEM (IMS) POLICY

Hidrovias do Brasil S. A., with headquarters in the city of São Paulo, State of São Paulo, Brazil, is an integrated logistic holding company that operates in different river corridors in South America, and which believes that meeting the requirements set forth in the Standards that constitute the IMS, ISO 9001 (Quality), ISO 14001 (Environment), OHSAS 18001 (Occupational Health and Safety) and SA 8000 (Social Responsibility) is of critical importance to its business. For such purpose, it undertakes to:

- Provide world-class services in terms of sustainability, quality, deadlines, and logistic costs, in line with the needs and to the satisfaction of the Client;
- Ensure a partnership with clients and suppliers, ensuring competitiveness with the road and railway systems;
- Comply with the law and requirements that apply to the IMS (Quality, Environment, Health, Occupational Safety and Social Responsibility), at the locations and environments where it operates;
- Work hard to prevent environmental pollution, occupational incidents and diseases, protecting the health and physical integrity of the colleagues in its operations by continuously improving its integrated management system;
- Ensure proper training and constant improvement of its employees;
- Promote quality of life at work and a good relationship with the community at all times.
